Dear staff

The Pacific Islands Law Officers' Network (PILON) Corruption Working Group has developed two short animated videos about whistleblowing. The videos show the impact of corruption on the community, the process for reporting corruption and the importance of whistleblowing. Each video is only 2 minutes long, and is designed for both legal and non legal audiences.

As the fight against corruption is an important issue for government, I encourage you to take a few minutes out of your day to watch these two videos, and recommend that you consider sharing them with your networks.

Video One – <https://youtu.be/REWmRk8ihE8>

Video Two – <https://youtu.be/RZso2wa0UBI>

If you see corruption in the workplace, you should report it. *[Include information about any internal policies on whistleblowing and the name of any external anti corruption agency that the employee could report corruption to].*

If you are interested in learning more about whistleblower protections, I encourage you to explore the resources available on the PILON website [Insert Link].

Kind regards
